

Dear associates!

On behalf of the Ministry of Foreign Affairs of the Donetsk People's Republic accept our sincerest gratitude for the organization and holding an event in support of Donbass, which took place on the 5th of February on the streets of Madrid.

Today our young Republic goes through truly challenging period. The process of young state formation is complicated greatly by the number of obstacles – renewed shellings of the towns, destruction of the infrastructure, transport, economic and humanitarian blockade. But the most problematic obstacle is informational veil. Despite all our efforts, rather small number of people abroad knows about events happening in Donbass and the less number of people know the truth.

In this regard, all measures called to open the eyes of world community at true state of things in the Donetsk People's republic, are of great importance. Every word, every article, every event supporting Donbass citizens are of special value for us.

We would be very grateful if, in case of your other activities in support of Donbass, you will send us previews and resume materials (a summary of the event, photos, videos) at e-mail: *(eliminado)*. In turn, we will distribute this information among local and foreign media in order to inform as many people as possible both abroad and in our Republic.

PR Department
